Projects

SITELITE

https://site-lite.firebaseapp.com/

SiteLite is a simple web page builder for users who don't know how to code a page from scratch. It allows the user to create page layouts and style them as if they were writing code all without needing to know HTML/CSS.

Work Summary

ZETA GLOBAL

Solutions Manager - September 2016 - June 2019

-Monitored and tested application performance to identify potential bottlenecks, develop solutions, and collaborate with developers on solution implementation.
-Participated in all phases of system development life cycle, from requirements analysis through system implementation.
-Communicated with partners and clients to update product and implementation status at technical or functional level.
